Prospective Student-Athlete Independent Contract Roster

13.12.1.7.1.1 Exception-Employment after Commitment

An institution may employ a prospective student-athlete in a camp or clinic, provided he or she has signed a National Letter of Intent or the institution's written offer of admission and/or financial aid or the institution has received his or her financial deposit in response to its offer of admission. Compensation may be paid only for work actually performed and at a rate commensurate with the going rate in the locality for similar services. Such compensation may not include any remuneration for value or utility that the student-athlete may have for the employer because of the publicity, reputation, fame or personal following that he or she has obtained because of athletics ability. A prospective student-athlete who only lectures or demonstrates at a camp/clinic may not receive compensation for his or her appearance at the camp/clinic.
